OFFICIAL PAPER OF THE CITY.

The Meeting To-Night!

Do not forget the meeting THIS EVENING at Lappin's Hall, to celebrate the great Union victories achieved on yesterday in the States of Ohio and Indiana. Come one, come all.

C. G. Williams, Esq., will address the meeting.

The News.

Important battles were fought yesterday in Pennsylvania, Ohio and Indiana, between the Union forces on the one side, and the aiders and abettors of the cause of Jeff. Davis on the other. The result is quite satisfactory so far as Ohio and Indiana are concerned. The victory in the Buckeye State amounts to an overwhelming, crushing, utter defeat of the followers of Vallandigham Pendleton, Cox and the rest of that class of black-hearted traitors. Pendleton's district and Long's and Coxe's send good Union men to Congress instead of those foul-mouthed treason-blurting secessionists, which is glory enough for one day. The gains for *the right* in Indiana are also large—electing Gov. Morton by 20,000 majority, which will do when we can't get more.

Pennsylvania has probably gone secesh on the home vote, but the soldiers vote will bring her out all right. What she needs is a few more raids led by Early and Imboden.

"THE IMPENITENT MAKERS OF THE RYAN ADDRESS."—In the noble letter which we published yesterday from Mat. H. Carpenter, Esq., he speaks of John W. Cary, copperhead candidate for Congress in the Milwaukee district, as "*one of the impenitent makers of the Ryan Address.*" Another man equally culpable for the publication of that pernicious and mischievous document, is George B. Smith, who is running for Congress in this district. Smith is more culpable than Cary, because he saw its evil tendency from the start, and objected to it, but afterwards fell from grace, while Cary was in favor of it from the start.

Both these *impenitent* sinners will soon be food for worms. *Pain-killer* will fix Cary, and Sloan's ointment will lay out Smith.

The very absurd lie that President Lincoln receives his salary in gold is effectively refuted by L. E. Chittenden of Vermont, the late Register of the Treasury, who had charge of all payments of that kind. Mr. Lincoln and all his Cabinet receive the ordinary greenbacks, just like ordinary men in ordinary business, and the regular income tax is regularly deducted from Mr. Lincoln's salary, just as it is from every other salary. The only officers paid in gold are our ministers abroad, in places where our currency is not recognized.

The *Boston Post* says that "fifty thousand Federal soldiers, *all McClellan men*, languish in Southern prisons." Are we to understand that the only soldiers who surrender or are captured are for Little Mac while all the Lincoln Union boys die on the field or fight through and win? The *Post*, in its zeal to make a partisan point, not only violates truth, but casts a slur upon the courage of men as brave and noble as ever faced an enemy.

THE proposition of annexing Nevada Territory to California in preference to the adoption of a State Government, or even the continuance of a Territorial existence, is being discussed in Nevada. The Virginia City *Union* objects to it because consent must be obtained of Congress, which does not meet until January, and of the California Legislature, which does not meet for two years, and of the people of the Territory, who won't give it at all.

THE Chattanooga *Gazette* says: "We learn that Henry S. Hill, Esq., formerly editor of the Chattanooga *Advertiser*, and member of the rebel Legislature from this county, and latterly one of the editors of the Atlanta *Commonwealth*, did not skedaddle from Atlanta. He informed a staff officer who was in this city yesterday, that he was thoroughly 'subjugated'. Henry was an original rebel."

LOCKING CAR DOORS.—Since the late accident on the Pennsylvania Railroad, by which a number of lives were lost, locks have been arranged on the cars which open from the inside only. The object in having the car doors locked is to prevent way passengers from getting into the cars with through passengers, which would thereby render it necessary for tickets to be shown by all the passengers at every station, thereby giving an extra amount of trouble to both passengers and conductors.

A SCIENTIFIC Russian has discovered a process by which timber, though newly felled, may become so hard as to resist the influences of the most trying climate for a very long time. The most curious part of the invention is that it does not involve the use of chemicals of any sort, such as steeping in creosote, &c, and the process is applied to the tree while growing.

During the month of September three hundred and eighty one soldiers died in the hospitals of Washington. During the same period the deaths of two hundred and seventeen contrabands in government employ were reported.

THE Cleveland *Herald* neatly says, that "seeing the velocity with which the Chicago copperhead train is rushing to sure destruction, McClellan, the cautious railroad man, keeps his eye on the warning, *'Don't stand on the Platform!'*"

VOLUME 8. JANESVILLE, WIS., WEDNESDAY, OCT. 12, 1864. NUMBER 192.

State News.

The Milwaukee *See Bote*, a copperhead free speech, peace organ, threatens Gen. Schurz with the terrors of mobbing if he comes to this State to advocate the re-election of Mr. Lincoln.——The Kenosha *Telegraph* says that one of the candidates on the Democratic ticket has declined, with a view of supporting the Union County ticket, and one or two others will do likewise.——The *Sentinel* says a haul of eight or nine bounty jumpers was made in Milwaukee the other day.——A new Democratic paper, called the *Union*, has been started at Oshkosh by R. Y. Shurly.——The Waupun *Times* says good progress is making in the construction of the great sewer at the State Prison. The commissioner finds great difficulty in prosecuting the improvements, owing to the small number of male convicts, there not being more than 65 fit to do a reasonable amount of manual labor in the prison.; Two convicts, Lacy and Canby, lately escaped. The former was soon recaptured. Since the organization of the State Prison, there have been forty one imprisonments for life, two of whom have died, twelve have been discharged on Governors' pardons, two discharged on writ of Habeas Corpus, one on the order of the Supreme Court, two have been removed to the Insane Asylum, one had his sentence commuted to ten years, which will expire in 1872, and twenty-two still remain in Prison.

The Governor has appointed John Hull, Esq., Probate Judge of Waushara County to fill the vacancy occasioned by the death of Judge Hosford.— The Pierce County Fair exceeded expectation, in the number and character of entries and attendance.——The Appleton *Motor* notes the return home of the late Assistant Postmaster of that place, L. Strong, lately on trial of robbing the mail, but acquitted on account of a flaw in the indictment. There is no doubt of his guilt, and the people treat him accordingly.——The Polk County *Press* says the county fair at Osceola was very creditable.——Wm. E. Miner, who lately enlisted from Oak Grove, lost both arms from the explosion of a cannon in firing a salute in honor of recent victories, has since died.——The Columbus *Journal* thinks the prospects of Columbus are brightening, and that it promises to be one of the best business places on the Milwaukee and Minnesota railroad. It is surrounded by a fine farming country.—— The Prescott *Journal* of October 1st says, last Monday evening as Pateick, son of Martin McMann of River Falls, was returning home from the village he met with a serious accident. The night was extremely dark and by some mistake he drove off the bridge over Rocky Branch, smashing the wagon and instantly killing the horse. The boy was severely injured, but it is thought he will recover. He is about 17 years old.

The Superior *Gazette* says the Indian payment at Fond du Lac passed off unusually quiet. The only thing worthy of note was the written protest entered by the Indians against the payment of their annuities in government currency. They claim that they are entitled to gold under the treaty stipulations, and contend that if payment is made in currency it should be made at its market price. They took this payment as only part of what was due them, and say next year they want gold. ——J. Livermore communicates to the Eau Claire *Free Press* an account of fourteen bears killed at a Bridge Creek "bear killing" by four individuals. One of the bears weighed over five hundred pounds. ——The Sparta *Eagle* says preparations are making for the building of a large and substantial passenger depot there. A fire on Bear Creeek Marsh destroyed a large amount of hay.——The Green Bay *Advocate* learns from officers connected with the Provost Marshal's office in that city that it will be removed to Berlin about the 1st of November for the purpose of drafting the Counties of Marquette, Green Lake, Waupaca and Waushara. This will be a great convenience to drafted men in said counties, and save them and the Government much money in transportation.

APPOINTMENTS FOR HON.—A. W. RANDALL.—Ex-Gov. Randall, of this State, will address the people as follows:

At Milwaukee, Oct. 14th.
At Waukesha, Oct. 15th.
At Madison, Oct. 17th.
At Fond du Lac, Oct. 18th.
At Oshkosh, Oct. 19th.

Mr. Randall will also probably speak at Portage on the 21st, provided a meeting at that time will accommodate the Union men of that vicinity.

Mr. Randall writes that these are all the appointments he will be able to fill in this State during the present canvass.

GEN. BUTLER lately had occasion to receive on his staff a volunteer Aid. Hearing this fact, Gen. Halleck addressed Gen. Butler a letter, in which he quoted from a circular issued by Gen. McClellan, forbidding the appointment of volunteer Aids, and requested to be informed whether the officer in question was expected to be paid. Gen. Butler replied, stating that he was not aware that Gen. McClellan commanded the army; that he was very sure he did not command his department. He futher added that as he was not a French gentleman, there was no likelihood of his embroiling us with foreign nations; that he was appointed on his staff because his services were valuable, and that he presumed the United States Government would find funds enough to pay him withal.

Caught A Tartar.

Gen. A. J. Smith, formerly a large slave holder, and now one of the most efficient of our military commanders lately visited St. Louis. Sundry Copperheads, supposing from his antecedents that he must be "down on the nigger," employed one of their sort to sound him, who reported that he was all right. Thereupon a serenade was given him at his hotel, and the General was called out for a speech; but his observations were far from being of the kind that was expected. The following is an extract from his response:

When Mr. Lincoln was elected, the South said he was an Abolitionist. Well, if he was, I am, too; but Mr. Lincoln never had a negro, and I have many, and set them all free. I would free three hundred thousand negroes, if I had them, for the good of my country. After he was made President, he said to the South, which had seceded, "Come back." He gave them three months to return, and after he was made President he gave them six weeks longer to come back, with all their constitutional rights guaranteed to them. Now is this what you call an Abolitionist? I think nor. The Southerners are determined to destroy this Government—don't let them do it. ("Never.") All that I am fighting for is first, for the Union; secondly for the Union; thirdly, and all the time, for the Union. ("Hurrah for the Union! The Union forever!")

George B. Smith's Consistency.

GEO. B. SMITH, it is reported, denies counseling implicit obedience to the Administration in his war speeches in 1862. We are afraid that GEORGE'S love of truth is being sacrificed to his desire for votes. Yet it is a very foolish policy in him to deny what is so notorious a fact, and what can be proved by thousands of witnesses.

That such was notoriously his position is proved by the following extract from a letter written by Senator BOLTON of Ozaukee, and published in his paper, the Ozaukee *Advertiser*, in January, 1863. Senator BOLTON, a rampant Democrat, was exulting over the change in political sentiment which he thought was then going on, and as a most signal instance of a complete summersault, referred to the example of GEO. B. as follows:

"Only think of it, at a club meeting in the Third Ward of this city, on Saturday evening, Geo. B. Smith who opposed the Ryan address violently at the time of the adoption and *made so many war speeches, counselling implicit obedience to the administration and the relinquishment of all political organizations until the war would be put down*, arraigned the President in the strongest terms for his usurpation of power, accused him of trampling the constitution under foot, *and went so much further than Ryan, that he advised the meeting if the Ozaukee prisoners would not be released immediately, to convene again, (en masse) and significantly added*, I'LL BE THERE." Through his entire speech he counselled resistance to every unconstitutional act of the President."

"He counselled resistance to every unconstitutional act," and he told his hearers that the draft and most of the acts of Administration were unconstitutional —*Madison Journal.*

WHAT A NAVAL OFFICER SAYS:—The commander of one of our largest iron clads writes home:

"It is a burning shame that we have got such infernal traitors at the north. Should they prevail at the coming election, I don't know but that Sodom might rise up in judgement against our land. But I will not even imagine that our people have sunk to such a pitch of degradation as to permit the success of this bogus democracy. That party is fast coming to grief. McClellan's ignoring their platform, while he accepts their nomination, is decidedly rich, and must be highly satisfactory."

A PARIS letter in the London *Star* says, "Several of the first artists in Paris are busily employed in sculpturing a splendid collection of beasts, destined to be placed in the gardens of Harem at Constantinople. Twenty-two animals are already completed—crocodiles, porcupines, tigers, and serpents are so life-like one scarcely feels safe in their neighborhood. According to the laws of the Koran the Sultan is not allowed to have the statues of any descendants of Adam; he will, however, possess a collection of beasts in bronze and marble certainly unrivalled in Europe."

A Strong Indorsement of a Valuable and Popular Medicine.

To Wm. Booth, General Western Agent for Dr. A. Strickland, and Co.—I hereby certify that I have been afflicted with piles for the last eight years. I have tried all the remedies that I could think of, or that have been reccommended to me, but have received no relief from any until I tried the bottle of "Strickland's Pile Remedy" you recommended to me. I can truly say that it entirely cured me. My brother, Mr. Chas. L. Glass, was completely paralyzed by this distressing complaint, and sent home from the army, being unable to do duty. He was entirely cured by the remainder of the bottle undosed by me.

H. B. GLASS.

I can truly say that the above is correct, and I cannot recommend it too highly.

CHAS. L. GLASS.

The above remedy is sold by all the druggists in this city. Oct8dawtfe141

Persons in want of anything in which they deal, would do well to examine their stock and prices before purchasing elsewhere.

RALLY FOR LINCOLN, JOHNSON AND THE UNION.—The time has arrived when the loyal voters of Rock County should thoroughly organize for the coming election. We appeal to all Union men who believe that the constitution "was ordained and established" by the people of these United States "in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity," to lay aside all partisan feelings in this hour of our country's trial, and sustain with their ballots the principals for which our brave soldiers are sacrificing their health and their lives. For these purposes we hereby appoint the following meetings to be addressed by the gentlemen designated.

THE ELECTIONS.

PHILADELPHIA, October 11, 2:30 P. M.—The weather is exceedingly fine. A very heavy vote polling in the various wards of the city. Both sides are in good spirits.

MILWAUKEE, Oct. 11.—A private dispatch from Philadelphia says that city has gone 10,000 union, a gain of 3,000. The democrats give up the State.

CLEVELAND, Oct. 11.—All reports received from Indiana show large union gains over 1860, probably Morton will have 20,000 majority and probably gain two union congressmen.

NEW YORK, Oct. 11.—The *World* claims Pa. Democratic by fully 20,000. It also claims that the Republican vote in Ohio has been reduced 8,000 and that the report of a great Republican majority in Indiana is untrue.

PHILADELPHIA, Oct. 12, 3:30 a. m.—The vote in this state is so close that probably the soldiers vote will be necessary to decide the result. Forney's *Press* claims a Union majority of 10,000 which the soldiers vote will increase to 20,000. It thinks there will be a Union gain in members of Congress, and of legislature.

The *Age* claims a majority on home vote of 10,000 or 20,000.

PHILADELPHIA, Oct 12.—The Democrats claim a majority of 50,000 on home vote in this State.

HARRISBURG, Oct. 12.—The general opinion here is that the State has gone Democratic on home vote by from 3,000 to 5,000 majority. It is expected the soldiers vote will give from 10,000 to 15,000 Union majority.

Election commissioners to the Shenandoah Valley have returned and report they were unable to reach Sheridan's army.

BUTLER'S HEADQUARTERS, October 11, 11 P. M.—The voting in this army to-day in Pennsylvania regiments passed off very quietly, and as far as heard from it is believed that the Union ticket has been successful.

WASHINGTON, October 12.—Partial returns from Pennsylvania and Ohio soldiers in Washington and Alexandria show the following result of Pennsylvania soldiers' vote. Total Republican, 843; Democratic 143. Ohio soldiers voted total Republican 580; Democratic 22.

CINCINNATI, October 12.—Ohio elected 16 Union Congressmen and probably 17.

INDIANAPOLIS, Oct, 11, 12:30—Returns from the 4th, 7th and 10th Congressional Districts, now represented by Holman, Voorhees and Edgerton, Adams, show large Union gains, indicating the probable election of Union candidates The Union State ticket is probably elected by from 15,000 to 20,000 majority. Glory to God

SOUTH BEND, Ind., Oct. 11.—Schuyler Colfax gains 400 in Miami county, 110 in four townships in White county, and 80 in eight townships in Laporte county, including the city of Laporte.

MISHAWAKA, Ind., Oct. 11.—This town gives Morton and Jackson a clean majority of 225.

INDIANAPOLIS, Tuesday, Oct. 11—9 P. M.—The election passed off quietly, as far as heard from. Reports thus far show a large Union gains over the vote of 1860. which gave 10,000 majority to the Republican ticket.

Wayne county gives a Union majority of 3,000—a gain of 2,000.

In the 5th Congressional district (Julian's) partial returns show 7,000 Union majority—a gain of 5,000.

In Winchester, Morton's majority is 328—a gain of 60.

Randolph county gives 1,100 majority for the Union ticket.

FROM SHERIDAN'S ARMY.

NEW YORK, October 11.—The *Commercial's* Washington special says the bushwhackers who murdered Lieut. Meigs hacked him with their swords after he was wounded and had surrendered. It is stated here that Sheridan's movement to Strasburg was made by order of General Grant.

NEW YORK, Oct. 12.—The *Herald's* correspondent with Sheridan dating Oct. 9th, says that Sheridan after having driven early out of the valley, destroyed all the corn, forage, &c., and rendered the surrounding country untenable for another rebel army, determined to return and take position nearer his base of supplies. While he was at Harrisonburg, his subsistence had to be pulled in wagons almost 100 miles. On returning, he was not followed by any considerable number of rebels until on the 8th, when a large force of cavalry under Rosseau made their appearance and attacked a portion of our cavalry. They were handsomely repulsed, but bivouacked for the night until the next morning. Sheridan having halted the principal portion of his command in the vicinity of Fisher's Hill, instructed Gen. Torbett to attack the enemy and drive him away from such close proximity to our lines. Torbett at once carried out the order. Custar's and Merritt's divisions made a victorious assault on the enemy at an early hour this morning on the right. Merritt's division occupied a position on Winchester turnpike, about midway between Strasburg and Woodstock; and on the left Custar's division occupied a position near Tom's Creek, on a back road about two miles closer to the mountains.

Custar advanced first with his cavalry and horse artillery. He made a bold attack and drove the enemy back about a mile to a strong position on the brook, and there the enemy made a determined stand. The rebels were advantageously posted on a commanding hill, and barricades and breastworks of rails and stones contributed considerably to strengthen a position which was naturally formidable. General Custar, however, threw in his whole command, made three magnificent charges and at last carried the position by assault. At the same time a Junction was formed with Gen. Merritt's on the turnpike.

Sharp skirmishing in the front did not seem to indicate anything decisive until Devin's brigade succeeded in striking the enemy on their flank. This produced consternation in the rebel ranks in Merritt's front, and the whole division line then pushed forward and full well the enemy, who was now in full retreat. The retreat was soon turned into a perfect rout and Custar and Merritt pursued the flying fugitives, capturing guns, colors, wagons, a herd of cattle, and several hundred prisoners. The enemy was driven in great disorder through Woodstock, Edenburg and Mt. Jackson, a distance of more than twenty miles. The rebel Gen. Lomax had a very narrow escape from capture.

FROM THE SOUTH.

NEW YORK, October 12.—Late Richmond papers have the following: The *Whig* expects much from Hood's last movement and describes Sherman's position as that of Burgoyne in the Revolution. Sherman's effective force, at Atlanta, is counted at not over 50,000.

The Savannah *Republican* charges Hood's army with licentiousness and demoralization. It is more feared by the inhabitants than by the Yankees.

Accounts the attack on Wilmington, the Augusta *Constitutionalist* says that peace bids fair to put a period to the audacious luck of Farragut, as no more tremendous earthworks exist on this continent, than those that bulwark the inlets of cape Fear.

The rebel failures in the Shenandoah Valley are attributed more to John Barleycorn, than to the ranks, as drunkenness among the rebel officers and men had become common.

FROM NEW YORK.

NEW YORK, October 11.—The gold market is excited by rumors about the Pennsylvania election. The reports that the State would be sure to go Republican, were circulated among the speculators and construed as favorable to an advance, and the price rose to 2,01½, having opened at 98. There is more speculation movement than has been for some days, and the current run in the direction of a rise.

NEW YORK, October 11.—The dry goods auction were resumed this morning. The goods offered were mostly woolens. The attendance was moderate and the goods went heavily.

NEW YORK, Oct. 11.—Mrs. Greenbow, the lady who gave the government so much rouble at the commencement of the war, acting as a rebel spy, was drowned recently in endeavoring to escape from the blockade runner *Condor* at New Inlet bar.

FROM CAIRO AND BELOW.

The steamer *Gladiator*, from New Orleans, Oct. 3d, brings information of an expedition into the interior of Florida under Gen. Asboth. Buchanan Court House was captured on the 23d ult. with 28 prisoners, including Col. Torrence, Lieut. Gordon, and a number of horses, mules and cattle. The *Douglas Terry* and all the boats in the vicinity were destroyed. The expedition at last accounts, was at Marianna.

The steamer *Oriental*, from Boston had arrived. The Grenada *Picket* says Col. Basil Duke is assigned to the command of *John Morgan's* cavalry.

Forrest is promoted to Lt. General.

FROM KENTUCKY.

CINCINNATI, Oct. 11.—An attack on the passenger train of the Kentucky Central Railroad was made by 28 guerrillas midway between Paris and Lexington. The engine was thrown from the track, the cars burned, $2,700 taken from Adams' Express Co, and all passengers robbed.

LOUISVILLE, Oct. 11.—Election returns favorable to the administration were received here to night and caused considerable excitement. Passengers from Clarksville report that Buford with 1500 mounted men crossed the Cumberland River near Harpeth Shoals last night.

FROM WASHINGTON.

WASHINGTON, Oct. 11.—In accordance with the authorization by an act of Congress, the Navy Department today have telegraphed to the proper authorities in San Francisco to commission Capt. Rodgers at that port for the use of Engineer Buckey and party, who are soon to proceed on the expedition north to commence operations for the completion of the great overland telegraph line from the Columbia River in Washington territory to the Amoor River, Russia. The expedition will probably commence active operations in the northern latitudes by the first of March.

FROM SHERMAN'S DEPARTMENT

NEW YORK, Oct. 12.—The *Times* Washington special says Gen. Sherman's official report of the Atlanta campaign is published. It fills 20 columns of the *Army and Navy Gazette*. He estimates the army's strength to have been between 45,000 and 50,000 infantry and artillery, and 10,000 cavalry. He maintained about the same strength during the campaign. The number of men joining from furlough and hospitals about compensating for the loss in battle and sickness. He pays a flattering tribute to his corps commanders for the accomplishment of all his desires.

FROM EUROPE.

LONDON, Oct. 1.—U. S. steamer *Kearsarge* was at Cowes Sept. 10, latitude 24 47 North, longitude 25.45 west, under canvass in search of the pirate Florida.

OFFICIAL PAPER OF THE CITY.

The Meeting To-Night!

Do not forget the meeting THIS EVENING at Lappin's Hall, to celebrate the great Union victories achieved on yesterday in the States of Ohio and Indiana. Come one, come all.

C. G. Williams, Esq., will address the meeting.

The News.

Important battles were fought yesterday in Pennsylvania, Ohio and Indiana, between the Union forces on the one side, and the rebels and abettors of the cause of Jeff. Davis on the other. The result is quite satisfactory so far as Ohio and Indiana are concerned. The victory in the Buckeye State amounts to an overwhelming, crushing, utter defeat of the followers of Vallandigham Pendleton, Cox and the rest of that class of black-hearted traitors. Pendleton's district and Long's and Coxe's send good Union men to Congress instead of those foul-mouthed treason-blarting secessionists, which is glory enough for one day. The gains for *the right* in Indiana are also large—electing Gov. Morton by 20,000 majority, which will do when we can't get more.

Pennsylvania has probably gone seceesh on the home vote, but the soldiers vote will bring her out all right. What she needs is a few more raids led by Early and Imboden.

"THE IMPENITENT MAKERS OF THE RYAN ADDRESS."—In the noble letter which we published yesterday from Mat. H. Carpenter, Esq., he speaks of John W. Cary, copperhead candidate for Congress in the Milwaukee district, as "*one of the impenitent makers of the Ryan Address.*" An other man equally culpable for the publication of that pernicious and mischievous document, is George B. Smith, who is running for Congress in this district. Smith is more culpable than Cary, because he saw its evil tendency from the start, and objected to it, but afterwards fell from grace, while Cary was in favor of it from the start.

Both those *impenitent* sinners will soon be food for worms. *Prime*-killer will fix Cary, and Sloan's ointment will lay out Smith.

The very absurd lie that President Lincoln receives his salary in gold is effectively refuted by L. E. Chittenden of Vermont, the late Register of the Treasury, who had charge of all payments of that kind. Mr. Lincoln and all his Cabinet receive the ordinary greenbacks, just like ordinary men in ordinary business, and the regular income tax is regularly deducted from Mr. Lincoln's salary, just as it is from every other salary. The only officers paid in gold are our ministers abroad, in places where our currency is not recognized.

The *Boston Post* says that "fifty thousand Federal soldiers, *all McClellan men*, languish in Southern prisons." Are we to understand that the only soldiers who surrender or are captured are for Little Mac while all the Lincoln Union boys die on the field or fight through and win? The *Post*, in its zeal to make a partisan point, not only violates truth, but casts a slur upon the courage of men as brave and noble as ever faced an enemy.

THE proposition of annexing Nevada Territory to California in preference to the adoption of a State Government, or even the continuance of a Territorial existence, is being discussed in Nevada. The Virginia City *Union* objects to it because consent must be obtained of Congress, which does not meet until January, and of the California Legislature, which does not meet for two years, and of the people of the Territory, who won't give it at all.

THE Chattanooga *Gazette* says: "We learn that Henry S. Hill, Esq., formerly editor of the Chattanooga *Advertiser*, and member of the rebel Legislature from this county, and latterly one of the editors of the Atlanta *Commonwealth*, did not skedaddle from Atlanta. He informed a staff officer who was in this city yesterday, that he was thoroughly 'subjugated'. Henry was an original rebel."

LOCKING CAR DOORS.—Since the late accident on the Pennsylvania Railroad, by which a number of lives were lost, locks have been arranged on the cars which open from the inside only. The object in having the car doors locked is to prevent way passengers from getting into the cars with through passengers, which would thereby render it necessary for tickets to be shown by all the passengers at every station, thereby giving an extra amount of trouble to both passengers and conductors.

A SCIENTIFIC Russian has discovered a process by which timber, though newly felled, may become so hard as to resist the influences of the most trying climate for a very long time. The most curious part of the invention is that it does not involve the use of chemicals of any sort, such as steeping in creosote, &c, and the process is applied to the tree while growing.

During the month of September three hundred and eighty-one soldiers died in the hospitals of Washington. During the same period the deaths of two hundred and seventeen contrabands in government employ were reported.

THE Cleveland *Herald* neatly says, that "seeing the velocity with which the Chicago copperhead train is rushing to sure destruction, McClellan, the cautious railroad man, keeps his eye on the warning, *'Don't stand on the Platform!'*"

State News.

The Milwaukee *Sec Bote*, a copperhead free speech, peace organ, threatens Gen. Schurz with the terrors of mobbing if he comes to this State to advocate the re-election of Mr. Lincoln.——The Kenosha *Telegraph* says that one of the candidates on the Democratic ticket has declined, with a view of supporting the Union County ticket, and one or two others will do likewise.——The *Sentinel* says a haul of eight or nine bounty jumpers was made in Milwaukee the other day.——A new Democratic paper, called the *Union*, has been started at Oshkosh by R. Y. Shurly.——The Waupun *Times* says good progress is making in the construction of the great sewer at the State Prison. The commissioner finds great difficulty in prosecuting the improvements, owing to the small number of male convicts, there not being more than 65 fit to do a reasonable amount of manual labor in the prison. Two convicts, Lacy and Canby, lately escaped. The former was soon recaptured. Since the organization of the State Prison, there have been forty one imprisonments for life, two of whom have died, twelve have been discharged on Governors' pardons, two discharged on writ of Habeas Corpus, one on the order of the Supreme Court, two have been removed to the Insane Asylum, one had his sentence commuted to ten years, which will expire in 1872, and twenty-two still remain in Prison.

The Governor has appointed John Hall, Esq., Probate Judge of Waushara County to fill the vacancy occasioned by the death of Judge Hosford.——The Pierce County Fair exceeded expectation, in the number and character of entries and attendance.——The Appleton *Motor* notes the return home of the late Assistant Postmaster of that place, L. Strong, lately on trial of robbing the mail, but acquitted on account of a flaw in the indictment. There is no doubt of his guilt, and the people treat him accordingly.——The Polk County *Press* says the county fair at Osceola was very creditable.——Wm. E. Miner, who lately enlisted, from Oak Grove, lost both arms from the explosion of a cannon in firing a salute in honor of recent victories, has since died.——The Columbus *Journal* thinks the prospects of Columbus are brightening, and that it promises to be one of the best business places on the Milwaukee and Minnesota railroad. It is surrounded by a fine farming country.——The Prescott *Journal* of October 1st says, last Monday evening as Patrick, son of Martin McMann of River Falls, was returning home from the village he met with a serious accident. The night was extremely dark and by some mistake he drove off the bridge over Rocky Branch, smashing the wagon and instantly killing the horse. The boy was severely injured, but it is thought he will recover. He is about 17 years old.

The Superior *Gazette* says the Indian payment at Fond du Lac passed off unusually quiet. The only thing worthy of note was the written protest entered by the Indians against the payment of their annuities in government currency. They claim that they are entitled to gold under the treaty stipulations, and contend that if payment is made in currency it should be made at its market price. They took this payment as only part of what was due them, and say next year they want gold.——J. Livermore communicates to the Eau Claire *Free Press* an account of fourteen bears killed at a Bridge Creek "bear killing" by four individuals. One of the bears weighed over five hundred pounds.——The Sparta *Eagle* says preparations are making for the building of a large and substantial passenger depot there. A fire on Bear Creeck Marsh destroyed a large amount of hay.——The Green Bay *Advocate* learns from officers connected with the Provost Marshal's office in that city that it will be removed to Berlin about the 1st of November for the purpose of drafting the Counties of Marquette, Green Lake, Waupaca and Waushara. This will be a great convenience to drafted men in said counties, and save them and the Government much money in transportation.

APPOINTMENTS FOR—HON. A. W. RANDALL.—Ex-Gov. Randall, of this State, will address the people as follows:

At Milwaukee, Oct. 14th.
At Waukesha, Oct. 15th.
At Madison, Oct. 17th.
At Fond du Lac, Oct. 18th.
At Oshkosh, Oct. 19th.

Mr. Randall will also probably speak at Portage on the 21st, provided a meeting at that time will accommodate the Union men of that vicinity.

Mr. Randall writes that these are all the appointments he will be able to fill in this State during the present canvass.

GEN. BUTLER lately had occasion to receive on his staff a volunteer Aid. Hearing this fact, Gen. Hallack addressed Gen. Butler a letter, in which he quoted from a circular issued by Gen. McClellan, forbidding the appointment of volunteer Aids, and requested to be informed whether the officer in question was expected to be paid. Gen. Butler replied, stating that he was not aware that Gen. McClellan commanded the army; that he was very sure he did not command his department. He further added that as he was not a French gentleman, there was no likelihood of his embroiling us with foreign nations; that he was appointed on his staff because his services were valuable, and that he presumed the United States Government would find funds enough to pay him withal.

Caught A Tartar.

Gen. A. J. Smith, formerly a large slave holder, and now one of the most efficient of our military commanders lately visited St. Louis. Sundry Copperheads, supposing from his antecedents that he must be "down on the nigger," employed one of their sort to sound him, who reported that he was all right. Thereupon a serenade was given him at his hotel, and the General was called out for a speech; but his observations were far from being of the kind that was expected. The following is an extract from his response:

When Mr. Lincoln was elected, the South said he was an Abolitionist. Well, if he was, I am, too; but Mr. Lincoln never had a negro, and I have many, and set them all free. I would free three hundred thousand negroes, if I had them, for the good of my country. After he was made President, he said to the South, which had seceded, "Come back." He gave them three months to return, and after he was made President he gave them six weeks longer to come back, with all their constitutional rights guaranteed to them. Now is this what you call an Abolitionist? I think not. The Southerners are determined to destroy this Government—don't let them do it. ("Never.") All that I am fighting for is first, for the Union; secondly, for the Union; thirdly, and all the time, for the Union. ("Hurrah for the Union! The Union forever!")

George B. Smith's Consistency.

GEO. B. SMITH, it is reported, denies counseling implicit obedience to the Administration in his war speeches in 1862. We are afraid that GEORGE'S love of truth is being sacrificed to his desire for votes. Yet it is a very foolish policy in him to deny what is so notorious a fact, and what can be proved by thousands of witnesses.

That such was notoriously his position is proved by the following extract from a letter written by Senator BOLMAN of Ozaukee, and published in his paper, the Ozaukee *Advertiser*, in January, 1863. Senator BOLMAN, a rampant Democrat, was exulting over the change in political sentiment which he thought was then going on, and as a most signal instance of a complete summersault, referred to the example of GEO. B. as follows:

"Only think of it, at a club meeting in the Third Ward of this city, on Saturday evening, Geo. B. Smith who opposed the Ryan address so violently at the time of the adoption and *made so many war speeches, counselling implicit obedience to the administration and the relinquishment of all political organizations until the war would be put down*, arraigned the President in the strongest terms for his usurpation of power, accused him of trampling the constitution under foot, *and went so much further than Ryan, that he adjourned the meeting if the Ozaukee prisoners would not be released immediately, to convene again, (en masse), and significantly added*, I'LL BE THERE." Through his entire speech he counselled resistance to every unconstitutional act of the President."

"He counselled resistance to every unconstitutional act," and he told his hearers that the draft and most of the acts of Administration were unconstitutional.—*Madison Journal.*

WHAT A NAVAL OFFICER SAYS:—The commander of one of our largest iron clads writes home:

"It is a burning shame that we have got such infernal traitors at the north. Should they prevail at the coming election, I don't know but that Sodom might rise up in judgement against our land. But I will not even imagine that our people have sunk to such a pitch of degradation as to permit the success of this bogus democracy. That party is fast coming to grief. McClellan's ignoring their platform, while he accepts their nomination, is decidedly rich, and must be highly satisfactory."

A PARIS letter in the London *Star* says, "Several of the first artists in Paris are busily employed in sculpturing a splendid collection of beasts, destined to be placed in the gardens of Harem at Constantinople. Twenty-two animals are already completed—crocodiles, porcupines, tigers, and serpents are so life-like one scarcely feels safe in their neighborhood. According to the laws of the Koran the Sultan is not allowed to have the statues of any descendants of Adam; he will, however, possess a collection of beasts in bronze and marble certainly unrivalled in Europe."

A Strong Indorsement of a Valuable and Popular Medicine.

To Wm. Booth, General Western Agent for Dr. A. Strickland, and Co.—I hereby certify that I have been afflicted with piles for the last eight years. I have tried all the remedies that I could think of, or that have been recommended to me, but have received no relief from any until I tried the bottle of "Strickland's Pile Remedy" you recommended to me. I can truly say that it entirely cured me. My brother, Mr. Chas. L. Glass, was completely paralyzed by this distressing complaint, and sent home from the army, being unable to do duty. He was entirely cured by the remainder of the bottle unused by me.

H. B. GLASS.

I can truly say that the above is correct, and I cannot recommend it too highly.

REGULAR LEGAL TENDERS.—By a notice in another part of this paper, it will be seen that hereafter the Rock County Bank proposes to pay all of its checks and certificates of deposite in legal tender notes.

PROMOTION.—Lieut. D. A. Lowber of this city has been promoted to the Captaincy of Co. A 37th Wis. Infantry. The regiment has been under fire several times during the last two weeks, and stood nobly up to the work. It is at present stationed on the Weldon railroad near Petersburg.

MR. BISHOP, the agent for Middleton's portraits of Washington and Martha, was taken sick on the day after our notice of those portraits appeared, and will not be able to afford our citizens an opportunity to subscribe before next week.

DRUGS AND GROCERIES.—As will be seen by our advertising columns, Messrs. A. Palmer & Son, are offering a very large and well selected stock of goods in this line, at greatly reduced prices. With their usual promptness and business energy, they are among the first to take advantage of the great decline in prices, and offer unusual inducements to house-keepers and others desiring to buy staples. Persons in want of anything in which they deal, would do well to examine their stock and prices before purchasing elsewhere.

RALLY FOR LINCOLN, JOHNSON AND THE UNION.—The time has arrived when the loyal voters of Rock County should thoroughly organize for the coming election. We appeal to all Union men who believe that the constitution "was ordained and established" by the people of these United States "in order to form a more perfect Union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity," to lay aside all partisan feelings in this hour of our country's trial, and sustain with their ballots the principals for which our brave soldiers are sacrificing their health and their lives. For these purposes we hereby appoint the following meetings to be addressed by the gentlemen designated.

Monday, October 17—School House near Rock River House in Janesville, Sutherland and Bennett. Young's School House in Harmony, Jackson, Robinson and Gibbs. Afton, Cassoday and Allen.

Tuesday, October 18—Shopiere, Williams, Allen and Stark. Magnolia, Corners, Sutherland and Cassoday. Emerald Grove, Merrill and Burgess.

SOUTHERN WISCONSIN UNION MASS MEETING.

To be Held at Janesville on Wednesday, the 26th Day of October, 1864.

The presidents of the Union League and Union Clubs of the several towns and cities in Rock County are requested to make immediate arrangements to attend the mass meeting, to be held in the city of Janesville on Wednesday, the 26th inst.

The committee of arrangements suggested that for the purpose of securing concert of action on the part of the towns and cities that they shall immediately confer with A. A. Jackson, Esq., of this city, in regard to the completion of the full arrangements for a large and enthusiastic, Union demonstration on that day.

It is expected that every town and city will be represented by a procession with flags, banners, mottoes and symbols of agricultural and mechanical occupations, for recollect that "Honest Old Abe" was a railsplitter; and that that brave old Union man, Andy Johnson, was a "Tailor."

Our Union friends of Walworth, Green, Dane and Jefferson and other counties are especially invited to take measures to be fully represented at the meeting. For, as the coming election is the most important *ever held*, let us make this the grandest demonstration *ever held* in the State of Wisconsin. Governor Brough of Ohio, Governor Morton of Indiana, Schuyler Colfax and Major General John A. Logan and other distinguished speakers in our own State have been invited and are expected to be present on the occasion.

Fellow Citizens, it is unnecessary to remind you of the vast issues that are pending in this present contest—nothing less than the life or death of this nation. Our brave armies in the field are looking to us to do our *duty* at home at the ballot-box. For every ballot given by us for the Union cause is equal to a bullet sent into the ranks of our armies by the brave boys in the field.

THE ELECTIONS.

PHILADELPHIA, October 11, 2:30 P. M.—The weather is exceedingly fine. A very heavy vote polling in the various wards of the city. Both sides are in good spirits.

MILWAUKEE, Oct. 11.—A private dispatch from Philadelphia says that city has gone 10,000 union, a gain of 3,000. The democrats give up the State.

CLEVELAND, Oct. 11.—All reports received from Indiana show large union gains over 1860, probably Morton will have 20,000 majority and probably gain two union congressmen.

NEW YORK, Oct. 11.—The *World* claims Pa. Democratic by fully 20,000. It also claims that the Republican vote in Ohio has been reduced 8,000 and that the report of a great Republican majority in Indiana is untrue.

PHILADELPHIA, Oct. 12, 3:30 a. m.—The vote in this state is so close that probably the soldiers vote will be necessary to decide the result. Forney's *Press* claims a Union majority of 10,000 which the soldiers vote will increase to 20,000. It thinks there will be a Union gain in members of Congress, and of legislature.

The *Age* claims a majority on home vote of 10,000 or 20,000.

PHILADELPHIA, Oct. 12.—The Democrats claim a majority of 50,000 on home vote in this State.

HARRISBURG, Oct. 12.—The general opinion here is that the State has gone Democratic on home vote by from 3,000 to 5,000 majority. It is expected the soldiers vote will give from 10,000 to 15,000 Union majority.

Election commissioners to the Shenandoah Valley have returned and report they were unable to reach Sheridan's army.

BUTLER'S HEADQUARTERS, October 11, 11 P. M.—The voting in this army to-day in Pennsylvania regiments passed off very quietly, and as far as heard from it is believed that the Union ticket has been successful.

WASHINGTON, October 12.—Partial returns from Pennsylvania and Ohio soldiers in Washington and Alexandria show the following result of Pennsylvania soldiers' vote. Total Republican, 843; Democratic 140. Ohio soldiers voted total Republican 580; Democratic 22.

CINCINNATI, October 12.—Ohio elected 16 Union Congressmen and probably 17.

INDIANAPOLIS, Oct. 11, 12:30—Returns from the 4th, 7th and 10th Congressional districts, now represented by Holman, Voorhees and Edgerton, Democrats, show large Union gains, indicating the probable election of Union candidates. The Union State ticket is probably elected by from 15,000 to 20,000 majority. Glory to God.

SOUTH BEND, Ind., Oct. 11.—Schuyler Colfax gains 400 in Miami county, 110 in four townships in White county, and 80 in eight townships in Laporte county, including the city of Laporte.

MISHAWAKA, Ind., Oct. 11.—This town gives Morton and Jackson a clean majority of 225.

INDIANAPOLIS, Tuesday, Oct. 11—9 P. M.—The election passed off quietly, as far as heard from. Reports thus far show large Union gains over the vote of 1860, which gave 10,000 majority to the Republican ticket.

Wayne county gives a Union majority of 3,000—a gain of 2,0 0.

In the 5th Congressional district (Julian's) partial returns show 7,000 Union majority—a gain of 5,000.

In Winchester, Morton's majority is 328—a gain of 60.

Randolph county gives 1,100 majority for the Union ticket.

Noble county, 600 majority.

WAYNE COUNTY—Cambridge City, Morton's majority 257—a gain of 17 over Lane's vote of 1860. Dublin Precinct gives Morton an unanimous vote of 267.

Indianapolis City and township gave a probable majority for the Union ticket of 1,000—a gain of 4,000.

Centerville and township—Votes polled 836; Morton's majority, 256—a gain of 50 over the vote of 1860.

Delaware county gives 1,800 to 2,000 for Morton—a gain of 1,300.

Richmond gives Morton 1,983, McDonald 529—a Union gain of 500.

Decatur county Union majority 5,000.

FROM SHERIDAN'S ARMY.

NEW YORK, October 11.—The *Commercial's* Washington special says the bushwhackers who murdered Lieut. Meigs sacked him with their swords after he was wounded and had surrendered. It is stated here that Sheridan's movement to Strasburg was made by order of General Grant.

NEW YORK, Oct. 12.—The *Herald's* correspondent with Sheridan dating Oct. 9th, says that Sheridan after having driven early out of the valley, destroyed all the the grain, forage, &c., and rendered the surrounding country untenable for another rebel army, determined to return and take position nearer his base of supplies. While he was at Harrisonburg, his subsistence had to be pulled in wagons almost 100 miles. On returning, he was not followed by any considerable number of rebels until on the 8th, when a large force of cavalry under Rosseau made their appearance and attacked a portion of our cavalry. They were handsomely repulsed, but bivouacked for the night until the next morning. Sheridan having halted the principal portion of his command in the vicinity of Fisher's Hill, instructed Gen. Torbett to attack the enemy and drive him away from such close proximity to our lines. Torbett at once carried out the order. Custar's and Merritt's divisions made a vigorous assault on the enemy at an early hour this morning on the right. Merritt's division occupied a position on Winchester turnpike, about midway between Strasburg and Woodstock; and on the left Custar's division occupied a position near Tom's Creek, on a back road about two miles closer to the mountains.

Custar advanced first with his cavalry and horse artillery. He made a bold attack and drove the enemy back about a mile to a strong position on the brook, and there the enemy made a determined stand. The rebels were advantageously posted on a commanding hill, and barricades and breastworks of rails and stones contributed considerably to strengthen a position which was naturally formidable. General Custar, however, threw in his whole command, made three magnificent charges and at last carried the position by assault. At the same time a Junction was formed with Gen. Merritt's on the turnpike.

Sharp skirmishing in the front did not seem to indicate anything decisive until Devin's brigade succeeded in striking the enemy on their flank. This produced consternation in the rebel ranks in Merritt's front, and the whole division line then pushed forward and followed the enemy, who was now in full retreat. The retreat was soon turned into a perfect rout and Custar and Merritt pursued the flying fugitives, capturing guns, caissons, wagons, a herd of cattle, and several hundred prisoners. The enemy was driven in great disorder through Woodstock, Edenburg and Mt. Jackson, a distance of more than twenty miles. The rebel Gen. Lomax had a very narrow escape from capture.

FROM THE SOUTH.

NEW YORK, October 12.—Late Richmond papers have the following: The *Whig* expects much from Hood's last movement and describes Sherman's position as that of Burgoyne in the Revolution. Sherman's effective force at Atlanta, is counted at not over 50,000.

The Savannah *Republican* charges Hood's army with licentiousness and demoralization. It is more feared by the inhabitants than by the Yankees.

As to the attack on Wilmington, the Augusta *Constitutionalist* says that peace bids fair to put a period to the audacious luck of Farragut, as no more tremendous earthworks exist on this continent, than those that bulwark the inlets of cape Fear.

The rebel failures in the Shenandoah Valley are attributed more to John Barleycorn, than to the ranks, as drunkenness among the rebel officers and men had become common.

FROM NEW YORK.

NEW YORK, October 11.—The gold market is excited by rumors about the Pennsylvania election. The reports that the State would be sure to go Republican, were circulated among the speculators and construed as favorable to an advance, and the price rose to 2,01½, having opened at 98. There is more speculation movement than has been for some days, and the current ran in the direction of a rise.

NEW YORK, October 11.—The dry goods auction were resumed this morning. The goods offered were mostly woolens. The attendance was moderate and the goods went heavily.

NEW YORK, Oct. 11.—Mrs. Greenhow, the lady who gave the government so much trouble at the commencement of the war, acting as a rebel spy, was drowned recently in endeavoring to escape from the blockade runner *Condor* at New Inlet bar.

FROM CAIRO AND BELOW.

The steamer *Gladiator*, from New Orleans, Oct. 3d, brings information of an expedition into the interior of Florida under Gen. Asboth. Euchenna Court House was captured on the 23d ult. with 28 prisoners, including Col. Torrence, Lieut. Gordon, and a number of horses, mules and cattle. The *Douglas Ferry* and all the boats in the vicinity were destroyed. The expedition at last accounts, was at Marianna.

The steamer *Oriental*, from Boston had arrived. The Grenada *Picket* says Col. Basil Duke is assigned to the command of John Morgan's cavalry.

Forrest is promoted to Lt. General.

FROM KENTUCKY.

CINCINNATI, Oct. 11.—An attack on the passenger train of the Kentucky Central Railroad was made by 28 guerrillas midway between Paris and Lexington. The engine was thrown from the track, the cars burned, $2,700 taken from Adams' Express Co., and all passengers robbed.

LOUISVILLE, Oct. 11.—Election returns favorable to the administration were received here to-night and caused considerable excitement. Passengers from Clarksville report that Buford with 150 mounted men crossed the Cumberland River near Harpeth Shoals last night.

FROM WASHINGTON.

WASHINGTON, Oct. 11.—In accordance with the authorization by an act of Congress, the Navy Department to-day have telegraphed to the proper authorities in San Francisco to man and equip a vessel at that port for the use of Engineer Buckley and party, who are soon to proceed on the expedition north to commence operations for the completion of the great overland telegraph line from the Columbia River in Washington territory to the Amoor River, Russia. The expedition will probably commence active operations in the northern latitudes by the first of March.

FROM SHERMAN'S DEPARTMENT

NEW YORK, Oct. 12.—The *Times* Washington special says Gen. Sherman's official report of the Atlanta campaign is published. It fills 20 columns of the *Army and Navy Gazette*. He estimates the enemy's strength to have been between 45,000 and 50,000 infantry and artillery and 10,000 cavalry. He maintained about the same strength during the campaign. The number of men joining from furlough and hospitals about compensating for the loss in battle and sickness. He pays a frank and cordial tribute to his corps commanders for the accomplishment of all his desires.

The Clergy and the Union.

Rev. J. H. Jenne, of this city, in a brief note to us yesterday, in relation to the proceedings of the Conference of the M. E. Church, recently held at Oshkosh, says:

"The entire conference, numbering about one hundred and twenty, is to a man, for the Union, the administration, and national righteousness, and also, for so much war as is necessary to these ends."

No more loyal and patriotic body of men can be found in the country than the clergy of all 'protestant' denominations. While we have an abundance of lawyers, doctors, editors and professors who are in sympathy with the armed traitors, who are striving to overthrow the government, when we turn to the ministers of the gospel, we find them almost to a man, for the Union, the Administration, and National righteousness. Indeed, it would be passing strange if it were otherwise. A government that protects every man in his privilege of worshiping God according to the dictates of his own conscience, *ought* to enlist the support and sympathy of those who have been set apart as leaders and teachers in declaring the whole counsel of God. A copperhead clergyman is, therefore, a rare bird, and as a class, to their eternal honor be it said, the ministers are as true to the Union as the steel to the pole. *They* do not believe it consistent with the principles of the religion of Jesus Christ to found governments having for their chief corner stone, a system of human bondage so cruel and atrocious as ought to make the devils blush. *They* cannot be persuaded to favor a rebellion that had its cause in slavery, and its inspiration in the arrogant ambition of wicked and unprincipled party leaders whose extreme selfishness has deluged this once happy and prosperous land with blood, and has filled hundreds of thousands of happy homes with grief and mourning.

But patriotism is not confined to the clergymen of the West. Everywhere throughout the loyal states, they are found to be in favor of the re-election of Abraham Lincoln, and, as Mr. Jenne says, in favor of so much war as is necessary to secure permanent peace and maintain national unity. The New York *Express*, whose editor went up to Maine just before election to refresh the people there with a decoction of copperheadism, asserts that the disastrous and total defeat of the little mackerel party in that State was owing to the fact that Mr. Lincoln had recommended the people to thank God for victories achieved, and that the clergymen took advantage of such recommendation to preach politics, and thus carried the state for the Union ticket.

Let all other classes emulate the example of the clergy of the country. They are good men to follow at all times, and especially in so trying a time as the present.

THE POLITICS OF AMERICAN SCHOLARS.—The four great American historians, Motley, Bancroft, Hildreth and Kirke, are advocates of the re-election of Abraham Lincoln. All the distinguished poets of our country, Longfellow, Bryant, Whittier, Holmes, Lowell, Bayard Taylor, Stedman and Boker, are earnestly engaged on the same side. The most eminent scholars, such as Emerson, Marsh, Everett, George William Curtis, Lieber and Sparks, all give the weight of their great influence to the party of the Union and of liberty. In short, whatever is of renown in the literature and science of America is thoroughly patriotic, and at this turning point in our history is happily ranged where it will best serve the interests of the nation and promote the welfare of mankind.

A GREAT excitement has been caused in Cohoes, N. Y., by the discovery of a murder. During Tuesday last the men employed on lock No. 16 thought there was some obstruction between the gates. They let off the water, and made the discovery of a woman in the canal. Her body frightfully mutilated—her bowels having been ripped open with a knife. She was indentified as Mrs. Rosanna Maher, a resident of the village, who had received pay on Saturday night from the Ogden mill for her children's work. After this she left home to buy meat for her Sunday dinner, but she did not return, and nothing was heard of her until the body was found in the condition above described.

National Thanks to the One Hundred Day Troops.

GENERAL HEADQUARTERS STATE OF WISCONSIN,
ADJUTANT GENERAL'S OFFICE,
MADISON, October 7, 1864.

GENERAL ORDERS No. 25.

1. In publishing the following order from the President of the United States, the Governor, in behalf of the State, desires to add thereto an expression of thanks to the volunteers constituting the "one hundred day" regiments, for their alacrity in responding to the call for this special service, and for their efficient and faithful performance of an duty which has contributed to such grand results, and reflecting such honor upon themselves and the State, and which is thus gratefully acknowledged by the Chief Executive of the nation:

EXECUTIVE MANSION,
WASHINGTON CITY, D. C., Oct. 1, 1864.

"Special Executive order" returning thanks to Volunteers for one hundred days from the States of Indiana, Illinois, Iowa, and Wisconsin:

The time of one hundred days, for which volunteers from the States of Indiana, Illinois, Iowa, and Wisconsin volunteered, under the call of their respective Governors, in the months of May and June, to aid in the recent campaign of Gen. Sherman, having expired, the President directs an official acknowlegment to be made of their patriotic services. It was their good fortune, to render efficient service in the south-west, and to contribute to the victories of the national arms over the rebel forces in Georgia under command of Johnston and Hood; and on all occasions and in every service to which they were assigned, their duty as patriotic volunteers was performed with alacrity and courage, for which they are entitled, and are hereby tendered the the national thanks, through the Governors of their respective States.

The Secretary of War is directed to transmit a copy of this order to the Governors of Indiana, Illinois, Iowa and Wisconsin, and to cause a certificate of their valuable services to be delivered to the officers and soldiers of the States above named who recently served in the military force of the United States as volunteers for one hundred days.

(Signed) ABRAHAM LINCOLN.

2. The certificates alluded to are now being prepared by the Adjutant General of the army, and will be properly distributed upon their receipt by the Executive of the State.

By order of the Governor.

WM. GALOUP,
Adjutant General.

THE NEW TERRITORY OF MONTANA.—The new territory of Montana already boasts a newspaper—the *Post*—a weekly published at Virginia City. The *Post* reports that one thousand five hundred emigrants have already arrived from the East this season, and more on the way.

"The gulches are represented to be rich in silver and gold, and excellent quartz leads abound. The placer diggings will require years to work out. Many persons are taking out $150 per day." The wages of miners are from $6 to $12 per day, and any labor commands high prices."

"Posters on the streets of Virginia City from the 'Vigilance Committee,' warn all persons against the use of deadly weapons, under the pretext of self-defence, or in any other case, except for the protection of life and property, and then only as a 'last resort,' saying that all who violate the notice will be visited with summary punishment.

"E. B. Nealey, Attorney-General of the territory, had arrived in Virginia City. He is a native of Iowa."

PRICES FALLING IN BOSTON.—The Boston *Traveller* of yesterday says:

"Our wharves and streets are very quiet, and all kinds of wholesale or retail trade are very dull. The tremendous fall in gold has literally knocked the bottom out of everything, and no goods can be sold unless at great concessions. Groceries, produce and provisions are 'tumbling' every day, but will be 'bolstered up' as long as possible by wealthy holders. But in vain will be their efforts if consumers are wise, and we would urge upon all to abstain from purchasing except in the smallest quantities. Only purchase what is required from day to day is the prudent course to pursue at present. In clothing and dry goods purchases let the same course be adopted. Make no fall purchases at present, but stop until compelled to buy by the rigors of the season. Cottons and woollens should be sold to-day at one-third less than former prices: if they are not, do not buy. By rigidly pursuing this course, the high prices of holders must be brought down, and Washington street will be full of stores selling off at less than cost.

STOCKS OF GOODS and personal property have increased in value from two to three hundred per cent., since 1862. Have you increased your insurance in proportion? It costs double to build now, over and above what it did in 1862. You may well ask, am I insured? and if so, am I in the companies that are able to stand up against the breakers that are just ahead? Look out for squalls about these days. Grant, Sherman & Co., are likely to injure the *small fry*. Dimock, at Insurance Headquarters, Lappin's block Janesville, Wis., has the sound Old Companies that have been through the wars before. You will have the same agent to deal with five years from now that you had five years ago and that you have to-day. We pay when we lose. Oct3-dawlm-e114.

It is a vegetable preparation, free from alcoholic liquors; it strengthens the whole nervous system; it creates a good appetite, and is warranted to cure Dyspepsia and Nervous Debility.

DESPERATE SPEECH BY JEFF. DAVIS AT MACON.

Two-Thirds of the Rebel Army Absent without Leave—He says Sherman must be Crushed—Piteous Calls for Reinforcements.

WASHINGTON, Oct. 6.

The following speech made by Jefferson Davis at Macon, Georgia, Sept. 23, 1864, is extracted from the columns of the *Daily Macon Telegraph and Confederate* of Sept. 2d:

Ladies and Gentlemen, Friends and Fellow-Citizens:—It would have gladdened my heart to have met you in prosperity instead of adversity. But friends are drawn together in adversity. The son of a Georgian, who fought through the first Revolution, I would be untrue to myself if I should forget the state in her day of peril. What though misfortune has befallen our arms from Decatur to Jonesboro, our cause is not lost. Sherman cannot keep up his long line of communication and retreat. Sooner or later he must fall back; and when that day comes, the fate which befel the French army in its retreat from Moscow, will be re-enacted. Our cavalry and our people will harrass and destroy his army as did the Cossacks that of Napoleon; and the Yankee General, like him, will escape with only a body guard. How can this be most speedily effected? By the absentees from Hood's army returning to their posts; and will they not? Can they see the banished exiles; can they hear the wail of their suffering country's women and children, and not come? By what influences they are made to stay away, it is not necessary to speak. If there is one who will stay at this hour, he is not worthy of the name of Georgian.

To the women no appeal is necessary. They are like the Spartan mothers of old. I know of one who has lost all her sons except one of eight years. She wrote that she wanted me to reserve a place for him in the ranks. The venerable Gen. Polk, to whom I read the letter, knew that woman well, and said it was characteristic of her; but I will not weary you by turning aside to relate the various instances of giving the last son to the cause of our country, known to me. Wherever we go, we find the hearts of our noble women enlisted. They are seen wherever the eye may fall or the step turn. They have one duty to perform; to buoy up the hearts of our people.

I know the deep disgrace felt by Georgia at our army falling back from Dalton to the interior of the State. But I was not of those who considered Atlanta lost when our army crossed the Chattahoochee. I resolved that it should not, and I then put a man in command who I knew would strike a manly blow for the city, and many a Yankee's blood was made to nourish the soil before the prize was won. It does not become us to resort to disaster. Let the dead bury the dead. Let us with one arm and one effort, endeavor to crush Sherman. I am going to the army to confer with our Generals. The end must be the defeat of our enemy. It has been said that I abandoned Georgia to her fate. Shame upon such falsehood. Where could the author have been when Walker, which Polk, and when General Stephen D. Lee were sent to her assistance. Miserable man. The man who uttered this was a scoundrel. He was not a man to save our country. If I knew that a General did not possess the right qualities to command, would I not be wrong if he was not removed? Why, when our army was fallen back from Northern Georgia, I even heard that I had sent Bragg with pontoons to cross it to Cuba. But we must be charitable. The man who can speculate ought to be made to take up his musket.

When the war is over and our independence won—and we will establish our independence—who will be our aristocracy? I hope the limping soldier. To the young ladies I would say that when choosing between an empty sleeve and a man who has remained at home and grown rich, always take the empty sleeve. Let the old men remain at home and make bread.—But should they know of any young man keeping away from the service, who can not be made to go any other way, let them write to the Executive. I read all letters sent me from the people, but have not the time to reply to them. You have not many men between eighteen and forty-five left. The boys, God bless the boys, are as rapidly as they become old enough, going to the field. The city of Macon is filled with stores, sick and wounded. It must not be abandoned when threatened, but when the enemy come, instead of calling on Hood's army for defense, the old men must fight, and when the enemy is driven beyond Chattanooga, they can join in the general rejoicing. Your prisoners are kept as a sort of Yankee capital. I have heard that one of their Generals said that their exchange would defeat Sherman. I have tried every means, conceded everything to effect an exchange, but to no purpose. Butler, the Beast with whom no Commissioner of Exchange would hold intercourse, had published in the newspapers that if we would consent to the exchange of negroes, all difficulties might be removed. This is reported as an effort of his to get himself whitewashed by holding intercourse with gentlemen. If an exchange could be effected, I don't know but that I might be induced to recognize Butler. But in the future every effort will be given, as fast as possible, to effect the end. We want our soldiers in the field, and want the sick and wounded to return home. It is not proper for me to speak of the number of men in the field, but this I will say, that two-thirds of our men are absent, some sick, some wounded, but most of them absent without leave. The man who repents and goes back to his commander voluntarily, appeals strongly to executive clemency. But suppose he stays away until the war is over, and his comrades return home, and when every man's history will be told, where will he shield himself? It is upon these reflections that I rely to make men return to their duty; but after conferring with our Generals at headquarters, if there be any other remedy it shall be applied. I love my friends, and I forgive my enemies. I have been asked to send reinforcements from Virginia to Georgia. In Virginia the disparity in numbers is just as great as it is in Georgia.

Then I have been asked why the army sent to the Shenandoah Valley was not sent here. It was because an army of the enemy had penetrated that valley to the very gates of Lynchburg, and Gen. Early was sent to drive them back. This he not only successfully did, but crossing the Potomac, came well nigh capturing Washington itself, and forced Grant to send two corps of his army to protect it. This the enemy denominated a raid. If so, Sherman's march into Georgia is a raid. What would prevent them now, if Early was withdrawn, from taking Lynchburg, and putting a complete cordon of men around Richmond? I counselled with that great and grave soldier, Gen. Lee, upon all these points. My mind roamed over the whole field. With this we can succeed. If one half the men now absent without leave, will return to duty, we can defeat the enemy. With that hope I am going to the front. I may not realize this hope, but I know there are men there who have looked death in the face too often to despond now. Let no one despond. Let no one distrust, and remember that if genius is he been ideal, hope is the reality.

A REMEDY FOR THE PILES.

It is a blessing to the suffering to know that we have an effectual cure for this truly troublesome disease. Mr. J. P. Hazards, of 161 Second street, Cincinnati, O., takes great pleasure in informing all who are suffering with piles that he used a small quantity of Dr. Strickland's Pile Remedy, and it effected a permanent cure. This seems to be the case with all who make use of this splendid preparation. It is manufactured at No. 6 East Fourth street, Cincinnati, O., and sold by all Druggists.

DIARRHŒA AND DYSENTERY.

We have examined a great number of letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhœa and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable by the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhœa and dysentery.

Another says he was discharged from the United States service after suffering in the hospital for eight months as incurable, and as a last resource tried Strickland's Anti-Cholera Mixture. He got well directly and has now entered the army again in good health. One man writes he has cured seven or eight very bad cases of diarrhœa and dysentery in the barracks he was in with one bottle of this valuable medicine. In fact we could fill half our paper with similar items from these letters. Why does not our government secure this valuable preparation? Our army ought to be supplied with it. It is but a short time since one of our men lay in a very low condition at one of our Cincinnati Hospitals, his wife was sent for. The doctors considered his case an hopeless case. She, however, gave him Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a bottle of it in their knapsacks. It may save them or some of their comrades. It is for sale by Druggists at 65 cents per bottle.

The New York *Tribune* says, "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once, and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an *immediate* beneficial effect. Facts are stubborn things.

C. C. MOORE, 251 Broadway.

NEW BEDFORD, MASS., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe protracted cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to use them. I commenced with a small wine glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters. I am, Respectfully,
JUDITH RUSSELL.

If the ladies of American but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 169 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, fancy and well. This article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid, liver, constipation, diabetes, &c., will find speedy relief through these bitters.

They are now sold by all respectable dealers throughout the habitable globe. Be sure each bottle has our private United States Stamp over the top, and take none other. We do not sell it in any other way. Any person pretending to sell Plantation Bitters by the gallon is an imposter, and should be immediately reported to us. Beware of *refilled* bottles; examine and see that the stamp has not been mutilated.

Persons unacquainted with the Melodeon and its history, will bear in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

These instruments are now in use mostly in the United States and Canada, but to Europe, Asia, Africa, South America, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are held. At all Industrial Exhibitions, they have invariably been

wherever exhibiting in competition with others. We shall take pleasure in forwarding by mail (at our own expense) our Illustrated Catalogue, in which every instrument we manufacture, is fully described and illustrated by elegant engravings.

☞ All Melodeons of our manufacture, either sold by us or dealers in any part of the United States or Canada, are warranted to be perfect in every respect, and should any repairs be necessary before the expiration of five years from the date of sale, we hold ourselves ready and willing to make the same free of charge, provided the injury is not caused by accident or design.

CAUTION.

We daily see advertisements of some new reed instrument, with strange name, purporting to be superior to Melodeons and School Organs. After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal if not superior to the best manufactured in Europe or this country by the most celebrated makers.

The Clergy and the Union.

Rev. J. H. Jenne, of this city, in a brief note to us yesterday, in relation to the proceedings of the Conference of the M. E. Church recently held at Oshkosh, says:

"The entire conference, numbering about one hundred and twenty, is to a man, for the Union, the administration, and national righteousness, and also, for so much war as is necessary to these ends.

No more loyal and patriotic body of men can be found in the country than the clergy of all protestant denominations. While we have an abundance of lawyers, doctors, editors and professors who have an sympathy with the armed traitors who are striving to overthrow the government, when we turn to the ministers of the gospel, we find them almost to a man, for the Union, the Administration, and National righteousness. Indeed, it would be passing strange if it were otherwise. A government that protects every man in his privilege of worshiping God according to the dictates of his own conscience, *ought* to enlist the support and sympathy of those who have been set apart as leaders and teachers in declaring the whole counsel of God. A copperhead clergyman is, therefore, a rare bird, and as a class, to their eternal honor be it said, the ministers are as true to the Union as the steel to the pole. *They* do not believe it consistent with the principles of the religion of Jesus Christ to found governments having for their chief corner stone, a system of human bondage so cruel and atrocious as ought to make the devils blush. *They* cannot be persuaded to favor a rebellion that had its cause in slavery, and its inspiration in the arogant ambition of wicked and unprincipled party leaders whose extreme selfishness has deluged this once happy and prosperous land with blood, and has filled hundreds of thousands of happy homes with grief and mourning.

But patriotism is not confined to the clergymen of the West. Everywhere throughout the loyal states, they are found to be in favor of the re-election of Abraham Lincoln, and, as Mr. Jenne says, in favor of so much war as is necessary to secure permanent peace and maintain national unity. The New York *Express*, whose editor went up to Maine just before election to refresh the people there with a decoction of copperheadism, asserts that the disastrous and total defeat of the little mackerel party in that State was owing to the fact that Mr. Lincoln had recommended the people to thank God for victories achieved, and that the clergymen took advantage of such recommendation to preach politics, and thus carried the state for the Union ticket.

Let all other classes emulate the example of the clergy of the country. They are good men to follow at all times, and especially in so trying a time as the present.

THE POLITICS OF AMERICAN SCHOLARS.—The four great American historians, Motley, Bancroft, Hildreth and Kirke, are advocates of the re-election of Abraham Lincoln. All the distinguished poets of our country, Longfellow, Bryant, Whittier, Holmes, Lowell, Bayard Taylor, Stedman and Boker, are earnestly engaged on the same side. The most eminent scholars, such as Emerson, Marsh, Everett, George William Curtis, Lieber and Sparks, all give the weight of their great influence to the party of the Union and of liberty. In short, whatever is of renown in the literature and science of America is thoroughly patriotic, and at this turning point in our history is happily ranged where it will best serve the interests of the nation and promote the welfare of mankind.

A GREAT excitement has been caused in Cohoes, N. Y., by the discovery of a murder. During Tuesday last, the men employed on lock No. 16 thought there was some obstruction between the gates. They let off the water, and made the discovery of a woman in the canal. Her body frightfully mutilated—her bowels having been ripped open with a knife. She was indentified as Mrs. Rosanna Maher, a resident of the village, who had received pay on Saturday night from the Ogden mill for her children's work. After this she left home to buy meat for her Sunday dinner, but she did not return, and nothing was heard of her until the body was found in the condition above described.

National Thanks to the One Hundred Day Troops.

GENERAL HEADQUARTERS STATE OF WISCONSIN,
ADJUTANT GENERAL'S OFFICE,
MADISON, OCTOBER 7, 1864.

GENERAL ORDERS NO. 25.

1. In publishing the following order from the President of the United States, the Governor, in behalf of the State, desires to add thereto an expression of thanks to the volunteers constituting the "one hundred day" regiments, for their alacrity in responding to the call for this special service, and for their efficient and faithful performance of an duty which has contributed to such grand results, and reflecting such honor upon themselves and the State, and which is thus gratefully acknowledged by the Chief Executive of the nation.

"EXECUTIVE MANSION,
WASHINGTON CITY, D. C., Oct. 1, 1864.

"Special Executive Order" returning thanks to Volunteers for one hundred days from the States of Indiana, Illinois, Iowa, and Wisconsin:

The time of one hundred days, for which volunteers from the States of Indiana, Illinois, Iowa, and Wisconsin volunteered, under the call of their respective Governors, in the months of May and June, to aid in the recent campaign of Gen. Sherman, having expired, the President directs an official acknowlegment to be made of their patriotic services. It was their good fortune to render efficient service in the south-west, and to contribute to the victories of the national arms over the rebel forces in Georgia under command of Johnston and Hood, and on all occasions and in every service to which they were assigned, their duty as patriotic volunteers was performed with alacrity and courage, for which they are entitled, and are hereby tendered the the national thanks, through the Governors of their respective States.

The Secretay of War is directed to transmit a copy of this order to the Governors of Indiana, Illinois, Iowa and Wisconsin, and to cause a certificate of their valuable services to be delivered to the officers and soldiers of the States above named who recently served in the military force of the United States as volunteers for one hundred days.

(Signed) ABRAHAM LINCOLN.

2. The certificates alluded to are now being prepared by the Adjutant General of the army, and will be properly distributed upon their receipt by the Executive of the State.

By order of the Governor.

L. C. GAYLORD,
Adjutant General.

THE NEW TERRITORY OF MONTANA.—The new territory of Montana already boasts a newspaper—the *Post*—a weekly published at Virginia City. The *Post* reports that one thousand five hundred emigrants have already arrived from the East this season, and more on the way.

"The gulches are represented to be rich in silver and gold, and excellent quartz leads abound. The placer diggings will require years to work out. Many persons are taking out $150 per day. The wages of miners are from $6 to $12 per day, and any labor commands high prices."

Posters on the streets of Virginia City from the Vigilance Committee, warn all persons against the use of deadly weapons; under the pretext of self defence, or in any other case, except for the protection of life and property, and then only as a last resort, saying that all who violate the noticed will be visited with summary punishment.

"E. B. Nealey, Attorney-General of the territory, had arrived in Virginia City. He is a native of Iowa."

PRICES FALLING IN BOSTON.—The Boston *Traveller* of yesterday says:

"Our wharves and streets are very quiet, and all kinds of wholesale or retail trade are very dull. The tremendous fall in gold has literally knocked the bottom out of everything, and no goods can be sold unless at great concessions. Groceries, produce and provisions are tumbling every day, but will be bolstered up as long as possible by wealthy holders. But in vain will be their efforts if consumers are wise, and we would urge upon all to abstain from purchasing, except in the smallest quantities. Only purchase what is required from day to day is the prudent course to pursue at present. In clothing and dry goods purchases let the same course be adopted. Make no full purchases at present, but stop until compelled to buy by the rigors of the season. Cottons and woollens should be sold to-day at one-third less than former prices if they are not, do not buy. By rigidly pursuing this course, the high prices of holders must be brought down, and Washington street will be full of stores selling off at less than cost."

STOCKS OF GOODS and personal property have increased in value from two to three hundred per cent., since 1862. Have you increased your insurance in proportion? It costs double to build now, over and above what it did in 1862. You may well ask, am I insured? and if so, am I in the companies that are able to stand up against the breakers that are just ahead? Look out for squalls about these days. Grant, Sherman & Co. are likely to injure the *small fry*. Dimock, at Insurance Headquarters, Lappin's block Janesville, Wis., has the sound Old Companies that have been through the wars before. You will have the same agent to deal with five years from now that you had five years ago and that you have to-day. We pay when we lose. Oct3-dawlm-el14.

DESPERATE SPEECH BY JEFF. DAVIS AT MACON.

Two-Thirds of the Rebel Army Absent without Leave—He says Sherman must be Crushed—Piteous Calls for Reinforcements.

WASHINGTON, Oct. 6.

The following speech made by Jefferson Davis at Macon, Georgia, Sept. 23, 1864, is extracted from the columns of the *Daily Macon Telegraph and Confederate* of Sept. 2d:

Ladies and Gentlemen, Friends and Fellow-Citizens:—It would have gladdened my heart to have met you in prosperity instead of adversity. But friends are drawn together in adversity. The son of a Georgian, who fought through the first Revolution, I would be untrue to myself if I should forget the state in her day of peril. What though misfortune has befallen our arms from Decatur to Jonesboro, our cause is not lost. Sherman cannot keep up his long line of communication and retreat. Sooner or later he must fall back; and when that day comes, the fate which befel the French army in its retreat from Moscow, will be re-enacted. Our cavalry and our people will harrass and destroy his army as did the Cossacks that of Napoleon; and the Yankee General, like him, will escape with only a body guard. How can this be most speedily effected? By the absentees from Hood's army returning to their posts; and will they not? Can they see the banished exiles; can they hear the wail of their suffering country's women and children, and not come? By what influences they are made to stay away, it is not necessary to speak. If there is one who will stay at this hour, he is not worthy of the name of Georgian.

To the women no appeal is necessary. They are like the Spartan mothers of old. I know of one who has lost all her sons except one of eight years. She wrote that she wanted me to reserve a place for him in the ranks. The venerable Gen. Polk, to whom I read the letter, knew that woman well, and said it was characteristic of her; but I will not weary you by turning aside to relate the various instances of giving the last son to the cause of our country known to me. Wherever we go, we find the hearts of our noble women enlisted. They are seen wherever the eye may fall or the step turn. They have one duty to perform, to buoy up the hearts of our people.

I know the deep disgrace felt by Georgia at our army falling back from Dalton to the interior of the State. But I was one of those who considered Atlanta lost when our army crossed the Chattahoochee. I resolved that it should not, and I then put a man in command who, I knew would strike a manly blow for the city, and many a Yankee's blood was made to nourish the soil before the prize was won. It does not become us to grovel to disaster. Let the dead bury the dead. Let us with one arm and one effort, endeavor to crush Sherman. I am going to the army to confer with our Generals. The end must be the defeat of our enemy. It has been said that I abandoned Georgia to her fate. Shame upon such falsehood! Where could the author have been when Walker, when Polk, and when General Stephen D. Lee were sent to her assistance. Miserable man. The man who uttered this was a scoundrel. He was not a man to save our country. If I knew that a General did not possess the right qualities to command, would I not be wrong if he was not removed? Why, when our army was fallen back from Northern Georgia, I even heard that I had sent Bragg with pontoons to cross it to Cuba. But we must be charitible. The man who can speculate might to be made to take up his musket.

When the war is over and our independence won—and we will establish our independence—who will be our aristocracy? I hope the limping soldier. To the young ladies I would say that when choosing between an empty sleeve and a man who has remained at home and grown rich, always take the empty sleeve. Let the old men remain at home and make bread.—But should they know of any young man keeping away from the service, who cannot be made to go any other way, let them write to the Executive. I read all letters sent me from the people, but have not the time to reply to them. You have not many men between eighteen and forty-five left. The boys, God bless the boys, are as rapidly as they become old enough, going to the field. The city of Macon is filled with sick and wounded. It must not be abandoned when threatened, but when the enemy come instead of calling on Hood's army for defense, the old men must fight, and when the enemy is driven beyond Chattanooga, they can join in the general rejoicing. Your prisoners are kept as a sort of Yankee capital. I have heard that one of their Generals said that their exchange would defeat Sherman. I have tried every means, conceded everything to effect an exchange, but to no purpose. Butler, the Beast with whom no Commissioner of Exchange would hold intercourse, had published in the newspapers that if we would consent to the exchange of negroes all difficulties might be removed. This is reported as an effort of his to get himself whitewashed by holding intercourse with gentlemen. If an exchange could be effected, I don't know but that I might be induced to recognize Butler. But in the future every effort will be given as fast as possible, to effect the end.

We want our soldiers in the field, and want the sick and wounded to return home. It is not proper for me to speak of the number of men in the field, but this I will say, that two-thirds of our men are absent, some sick, some wounded, but most of them absent without leave. The man who repents and goes back to his commander voluntarily, appeals strongly to executive clemency. But suppose he stays away until the war is over, and his comrades return home, and when every man's history will be told, where will he shield himself? It is upon these reflections that I rely to make men return to their duty, but after conferring with our Generals at headquarters, if there be any other remedy it shall be applied. I love my friends, and I forgive my enemies. I have been asked to send reinforcements from Virginia to Georgia. In Virginia the disparity in numbers is just as great as it is in Georgia.

Then I have been asked why the army sent to the Shenandoah Valley was not sent here. It was because an army of the enemy had penetrated that valley to the very gates of Lynchburg, and Gen. Early was sent to drive them back. This he not only successfully did, but crossing the Potomac, came well nigh capturing Washington itself, and forced Grant to send two corps of his army to protect its. This the enemy denominated a raid. If so, Sherman's march into Georgia is a raid. What would prevent them now, if Early was withdrawn, from taking Lynchburg, and putting a complete cordon of men around Richmond? I counselled with that great and grave soldier, Gen. Lee, upon all these points. My mind roamed over the whole field. With this we can succeed. If one half the men now absent without leave, will return to duty, we can defeat the enemy. With that hope I am going to the front. I may not realize its hope, but I know there are men there who have looked death in the face too often to despond now. Let no one despond. Let no one distrust, and remember that if genius is he been ideal, hope is the reality.

A REMEDY FOR THE PILES.

It is a blessing to the sufferer to know that we have an effectual cure for this truly troublesome disease. Mr. J. P. Hazarde, of 181 Second street, Cincinnati, O., takes great pleasure in informing all who are suffering with piles that he used a small quantity of Dr. Strickland's Pile Remedy, and it effected a permanent cure. This seems to be the case with all who make use of this splendid preparation. It is manufactured at No. 6 East Fourth street, Cincinnati, O., and sold by all Druggists.

DIARRHŒA AND DYSENTERY.

We have examined a great number of letters from some of the most prominent citizens of Cincinnati and Covington, etc., speaking in the highest terms of Dr. Strickland's Anti-Cholera Mixture for the cure of diarrhœa and dysentery. The letters are too long to publish. Mr. Woods, of Covington, says he was pronounced incurable by the best doctors in Cincinnati, and one bottle of Dr. Strickland's Anti-Cholera Mixture effected a permanent cure after suffering for months with the worst form of diarrhœa and dysentery.

Another says he was discharged from the United States service after suffering in the hospital for eight months as incurable, and as a last resource tried Strickland's Anti-Cholera Mixture. He got well directly and has now entered the army again in good health. One man writes he has cured seven or eight very bad cases of diarrhœa and dysentery in the barracks he was in with one bottle of this valuable medicine. In fact we could fill half our paper with similar items from these letters. Why does not our government secure this valuable preparation? Our army ought to be supplied with it. It is but a short time since one of our men lay down a very low) condition at one of our Cincinnati Hospitals, his wife was sent for. The doctors considered his case no hopeless case. She, however, gave him Strickland's Anti-Cholera Mixture, and in three weeks he was able to return home with his wife to New Richmond, O. All these cases right at home speak for themselves. We hope all the soldiers will put a bottle of it in their knapsacks. It may save some of some of their comrades. It is for sale by Druggists at 65 cents per bottle.

The New York *Tribune* says, "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale, is that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once, and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, and recommended by the best physicians, and are warranted to produce an *immediate* beneficial effect. Facts are stubborn things.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway.

NEW BEDFORD, Mass., Nov. 24, 1863.

DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold to the hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York, who were using the Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters. I am, Respectfully,
JUDITH RUSSELL.

If the ladies of American but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 159 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, lancy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

They are now sold by all respectable dealers throughout the habitable globe. Beware each bottle has our private United States Stamp over the top, and take none other. We do not sell it in any other way. Any person pretending to sell Plantation Bitters by the gallon is an impostor, and should be immediately reported to us. Beware of *refilled* bottles; examine and see that the stamp has not been mutilated.

COTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction; and to declare that they are equal if not *superior* to the best manufactured in Europe or this country by the most celebrated makers.

cures such in all their stages, at little expense; little or no change of diet; no inconvenience, *and no exposure.*

It causes a frequent desire and gives strength to urinate, thereby removing obstructions, preventing and curing strictures of the urethra, and allaying inflammation so frequent in *this class of diseases.*

Thousands upon thousands who have been the

Good News for the Unfortunate!

THE LONG SOUGHT FOR

DISCOVERED AT LAST.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all *diseases of the urinary organs.*

It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *finest* needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with no change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use as *cotton, linen, silk* and *twist.* It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods*, thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted NOT TO RIP in wear, and under all circumstances to *"survive the washtub."* Old worn out family garments, bed ... pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition*, and to THIS STITCH premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY and BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction*, or the balance wheel ever wearing or touching the dress. By another ingenious Patent Improvement.

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than ¾ of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark.* The hem may be of any width. No other hemmer or feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate, like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER.

We have known it intimately for several years. Many thousands are already in use here, and so far as we know, not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The roundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in a boy or girl from the street, and with three minutes instruction they will set the needle, attach the Hemmer, or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

We are General Agents for

BARNUM'S SELF-SEWER,

FOR ALL SEWING MACHINES

It guides the work itself, thus avoiding the bent posture and strain on the eyes. Price $1 50. Large discount to Agents.

Editors who desire one of these machines on half advertising contracts, can insert this advertisement, send us their paper, and get a machine at any time.

We take other machines in exchange. We sell Oil, Cotton, Silk, Twist and Needles for every kind of sewing machine.

We attend to the repairing of all kinds of machines.

Price of Machines, with hemmer, feller, gauge, oil can, extra needles, full directions, &c., from $50 to $175.

SECTION 2.—If any Rail Road Company or other Corporation, person or persons, owning or occupying any lot or parcel of land within the limits of the city of Janesville upon which there shall at any time be standing water and which shall not be properly drained shall neglect for the space of eight days after service of the order requiring such grading, filling or draining to be done, to properly and sufficiently grade, fill or drain such lot or parcel of land, the Common Council shall at once proceed to let such grading, filling or draining to the lowest bidder as hereinafter directed, such order may be served by delivering a copy thereof to the owner or owners of such lots or parcel of land, or in case such lots or lands are occupied, by delivering to the occupant thereof a copy of such order, and in case such owner or owners shall be nonresidents and such lots or parcels of land shall be unoccupied then such order may be served by the publication thereof in some paper published in said city, for at least three weeks, or by delivering a copy of such order to the agent of such owner or owners.

SECTION 3.—The Common Council shall cause a plain and accurate specification of such grading, filling or draining to be made and published in some daily or weekly newspaper published in said city, together with a notice signed by the Clerk of said city, that on a certain day fixed in said notice not less than eight days after the first publication thereof, the Common Council will receive sealed proposals in relation to the work mentioned in such specification, and that sealed proposals for the performance of such work will be received by the City Clerk up to the time fixed in said notice for the opening of such proposals. At the time mentioned in said notice, all such proposals shall be opened in the presence of the Common Council, when the said Common Council shall determine which of such proposals is the most favorable, and may by a vote of a majority of the members present accept such proposal and direct such work to be done provided however that said Common Council may reject any or all such proposals if they shall deem it necessary.

SECTION 4.—The Common Council may require such person or persons whose proposal or proposals shall be accepted, to execute a bond to said city, with one or more sufficient sureties to be approved by said Council, in such penal sum as said Council shall direct, conditioned that the person or persons whose proposal shall have been accepted shall perform the work mentioned in such specifications at such a price and upon the terms proposed according to such specifications and subject to the supervision of the officer to be appointed by said Common Council, such bond to be approved by said Council, and with such other conditions as such Council may prescribe.

SECTION 6.—Upon the assessment being made as above provided, an assessment list shall be made to resemble as nearly as practicable the annual assessment roll in its form, two copies of which shall be made by the Clerk and signed by the Mayor or presiding officer of the Common Council and the Clerk of said city, one of which copies shall be filed by the Clerk and kept in his office, to the other of which shall be annexed a warrant for the collection of such assessment, and the Clerk shall forthwith deliver the same with the warrant so annexed to the Treasurer of said city for collection. Such warrant shall be signed by the Mayor and Clerk and shall have the seal of the city affixed thereto, and shall be substantially the same as the warrant annexed to the annual assessment roll for the collection of taxes.

SECTION 7.—Upon receiving said assessment list the Treasurer shall take like proceedings as far as practicable in the collection thereof as in the collection of the annual City and Ward taxes of said city.

SECTION 8.—All moneys received by the Treasurer upon any assessment list made pursuant to the provisions of this ordinance shall be kept by him distinct from all other moneys and shall be drawn from the treasury only by orders expressly directing their application to the payment of the expenses for which such assessment was made.

SECTION 9.—The city of Janesville shall not in any manner be liable for any work done under any bid or proposal in pursuance of this ordinance, but the same shall be paid for out of the moneys assessed and collected as aforesaid.

SECTION 10.—The Common Council of said city shall have the power and is hereby authorized in case the person or persons whose bid or proposal shall be accepted, shall neglect or refuse to do the work mentioned in said specifications in the manner or at the time fixed by said Council or in pursuance of the conditions of his bond to declare such bid or proposal and the acceptance thereof void and to relet such work, but the action of said Council in declaring such bid or proposal and acceptance void shall not in any way release or discharge the person or persons making such bid or proposal or their sureties from liability upon said bond.

FLORENCE SEWING MACHINE

Over the Post Office!

There is nothing so much sought for by the public as a practical Sewing Machine, one that is

Simple, Strong & Reliable.

One that will run for years without the annoyance of being out of repair; one that is noiseless and swift in motion; also that makes the stitch as you want it, alike on both sides of the fabric: such are the machines of the

FLORENCE SEWING MACHINE COMPANY!

Who take pleasure in placing their machines before the public, and unhesitatingly say they are the best in the world, and openly and publicly challenge machines of any and all manufactures to do as large a range of work as can easily be done on one of these machines. They make

FOUR DIFFERENT STITCHES,

and have all the advantages of a reversible feed motion, which carries the work either way, which, together with making all the four stitches, can be done whilst the machine is in motion; the giving of time in stopping to change the length of stitch, is obviated by this machine.

Any correspondence regarding our machines will be promptly answered. Enclose a letter stamp, and we will send circular and sample of work by return mail.

STOMACH BITTERS.
STOMACH BITTERS.

The proprietors of this justly celebrated well known brand of Stomach Bitters, do not deem it necessary, in order to give their goods fictitious, or even an enhanced value, to take a *fling* at *all* other Bitters, and proclaim in small capitals that they are worthless. Our Bitters do not need this as we place them before the public on their merits, and invite your careful attention to the goods we allow our brand upon, knowing as we do so, that our reputation is at stake. The name, "Red Jacket," is taken from the original compound by the native child of the forrest, and with the addition of a few herbs by Dr. Chapin, made more agreeable to the taste, they have now a peculiarly healthy, soothing and recuperative influence, especially on the patient rising from the bed of sickness, loss of appetite, distress after eating, dizziness, and all diseases arising from Torpid liver or Indigestion.

They strengthen and invigorate the system.
They are adapted for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a sure preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.
They make the debilitated strong, and restore strength the exhausted.

Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.

THE GREAT AMERICAN REMEDIES, KNOWN AS

Helmbold's Genuine Preparation

"highly concentrated" compound

FLUID EXTRACT BUCHU,

a positive and specific remedy for diseases of

The Bladder, Kidneys, Gravel and Dropsical Swellings.

H

This medicine increases the power of digestion and excites the absorbents into healthy action, by which the water or calcerous depositions, and all unnatural enlargements, are reduced, as well as pain and inflammation.

Take no Balsam, Mercury or unpleasant medicin for unpleasant and dangerous diseases.

HELMBOLD'S EXTRACT BUCHU

cures such in all their stages, at little expense; little or no change of diet; no inconvenience, *and no exposure.*

It causes a frequent desire and gives strength to urinate, thereby removing obstructions, preventing and curing strictures of the urethra, and allaying inflammation so frequent in this class of diseases.

Thousands upon thousands who have been the

Victims of Quacks,

and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "poison" has, by the use of "powerful astringents," been dried up, in the system, to break out in an aggravated form.

E

Use Helmbold' Extract Buchu

for all affections and diseases of the urinary organs, whether existing in male or female, from whatever cause originating, and no matter how long standing. Diseases of these organs require the aid of a Diuretic. Helmbold's Extract Buchu is

The Great Diuretic,

and it is certain to have the desired effect in all diseases for which it is recommended.

L

BLOOD! BLOOD! BLOOD!

Helmbold's highly concentrated compound

Fluid Extract Sarsaparilla Syphilis

This is an affection of the blood, and attacks the sexual organs, linings of the nose, ears, throat, windpipe, and other mucous surfaces, making its appearance in the form of ulcers. Helmbold's Extract Sarsaparilla purifies the blood, and removes all scaly eruptions of the skin, giving to the complexion a clear and healthy color. It being prepared expressly for this class of complaints, its blood purifying properties are preserved to a greater extent than any other preparation of Sarsaparilla.

an excellent lotion for diseases of a syphilitic nature, and as an injection in diseases of the urinary organs, arising from habits of dissipation, used in connection with the Extracts Buchu and Sarsaparilla, in such diseases as recommended. THE LONG SOUGHT FOR

DISCOVERED AT LAST.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION!!

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic cures all diseases of the urinary organs.

It is prepared in a highly concentrated form, the dose only being from one to two teaspoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gleet, Gonorrhea, Fluor Albus. Its effects are healing, soothing and demulcent, removing all scalding, heat and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

Sewing Machines.

WILCOX & GIBBS'

SEWING MACHINE!

Will Stitch, Hem, Fell, Tuck, Cord, Bind, Braid, Quilt and Embroider beautifully. It will, with the *fine* needle and thread, run from perfect work on the finest Nainsook, over the heaviest beaver cloth and cowhide, with *no* change of needle, thread or tension.

Wilcox & Gibbs Sewing Machine

will use coarse *cotton, linen, silk* and *twine.* It runs easier, faster and stiller than any other machine. It forms a flat, even and elastic seam, differing from every other stitch, each loop being *twisted* by means of the

"ROTATING HOOK,"

and drawing the twist *into the goods,* thus securely fastening every stitch, so that the seam will bear to be cut at frequent intervals, and in that case even, the seam is warranted NOT TO RIP in wear, and under all circumstances to "*survive the washtub.*" Old worn out family garments, bosoms, pants, dresses, &c., have been submitted to Committees at Fairs where was the *greatest competition,* and to THIS STITCH premiums have been awarded for its SUPERIORITY, DURABILITY, ELASTICITY AND BEAUTY.

A Patented Device *prevents the possibility of the machine being run in the wrong direction,* or the balance wheel ever wearing or touching the dress. By another ingenious Patent improvement.

The Needle Cannot be Set Wrong,

Thus avoiding the great trouble of other machines. In this it is so easy that a child may set it in the dark with unerring correctness every time.

NO BREAKING OF NEEDLES.

The blade of the needle is less than 3/4 of an inch long, and is straight. It is less than half the length of other machine needles, many of which are curved, therefore more easily bent or broken—a great source of annoyance, expense and trouble. The Hemmer and Feller can never be set wrong. Any one may adjust them *in the dark.* The hem may be of any width. No other Hemmer or Feller is like this. It turns the hem on the right or upper side, as you want it.

IT WILL NOT DROP STITCHES;

As the needle is always set right, the blade short and straight does not vibrate like longer ones.

Wilcox & Gibbs Sewing Machine

Is run by steam at 4000 stitches per minute—other machines only at 400 to 1200, with safety. They are manufactured with

MATHEMATICAL PRECISION,

Hence each part is interchangeable, and can be readily placed in case of accident.

THEY WILL NOT GET OUT OF ORDER

We have known it intimately for several years. Many thousands are already in use here, and so far as we know not one in family use has ever cost a dime to repair, or ever been out of order at all. They will last a generation, if properly cared for. None who have used it can be persuaded to use any other.

Wilcox & Gibbs Sewing Machine

Works at an instant's notice, and never stops "unaccountably." Not one operator in ten on the Wilcox & Gibbs will break a needle or drop a stitch in a year. The Wilcox & Gibbs in the hands of any one, knows no "skips," "drops," "jumps" or "misses." The roundness, evenness, durability and beauty of its stitch

WERE NEVER EQUALED.

Its rapidity, absolute stillness, ease of motion, narrowness and neatness of its Hem and Fell were never approached by any other machine. We can call in any boy or girl from the street, and, with three minutes instruction they will set the needle, attach the Hemmer or Feller, and do the work with entire success. A blind girl, with the exception of threading the needle, can do the same. Many ladies owning other first-class machines, come to our office to do their fine hemming and felling on the Wilcox & Gibbs Machine.

The press universally pronounce this the best family sewing machine in the world.

We are General Agents for

BARNUM'S SELF-SEWER,

FOR ALL SEWING MACHINES.

It guides the work itself, thus avoiding the bent posture and strain on the eyes. Price $1.50. Large discount to Agents.

We take other machines in exchange. We sell Oil, Cotton, Silk, Twist and Needles for every kind of sewing machine.

AN ORDINANCE Relating to draining, grading and filling lands.

The Mayor and Common Council of the City of Janesville do ordain as follows:

SECTION 1.—It shall be the duty of all Rail Road Companies and other Corporations and each and every person or persons owning or occupying any lot or parcel of land within the limits of the city of Janesville upon which there shall be at any time standing water and which shall not be properly and sufficiently drained, to properly and sufficiently grade, fill and drain the same.

SECTION 2.—If any Rail Road Company or other Corporation, person or persons, owning or occupying any lot or parcel of land within the limits of the city of Janesville upon which there shall at any time be standing water and which shall not be properly drained shall neglect for the space of eight days after service of the order requiring such grading, filling, or draining to be done, to properly and sufficiently grade, fill or drain such lot or parcel of land, the Common Council shall at once proceed to let such grading, filling or draining to the lowest bidder as hereinafter directed, such order may be served by delivering a copy thereof to the owner or owners of such lots or parcel of land, or in case such lots or lands are occupied, by delivering to the occupant thereof a copy of such order, and in case such owner or owners shall be non-residents and such lots or parcels of land shall be unoccupied then such order may be served by the publication thereof in some paper published in said city, for at least three weeks, or by delivering a copy of such order to the agent of such owner or owners.

SECTION 3.—The Common Council shall cause a plain and accurate specification of such grading, filling or draining to be made and published in some daily or weekly newspaper published in said city, together with a notice signed by the clerk of said city, that on a certain day fixed for said notice at least eight days after the first publication thereof, the Common Council will proceed to act in relation to the work mentioned in such specification, and that sealed proposals for the performance of such work will be received by the City Clerk up to the time fixed in said notice for the opening of such proposals. At the time mentioned in said notice, all such proposals shall be opened in the presence of the Common Council, when the said Common Council shall determine which of such proposals is the most favorable, and may by a vote of a majority of the members present accept such proposal and direct such work to be done, provided however that said Common Council may reject any or all such proposals if they shall deem them unreasonable.

SECTION 4.—The Common Council may require such person or persons whose proposal or proposals shall be accepted, to execute a bond to said city, with one or more sufficient sureties to be approved by said Council, in such penal sum as said Council shall direct, conditioned that the person or persons whose proposal shall have been accepted shall perform the work mentioned in such specifications at such a price and upon the terms proposed according to such specifications and subject to the supervision of or referee to be appointed by said Common Council, and bond to be approved by said Council, and with such other conditions as such Council may prescribe.

SECTION 5.—The Common Council shall in such manner as it shall direct, ascertain the amount of grading, filling or draining done upon each lot or parcel of land and all the whole expense of such work, including surveying, specifications, advertising, Treasurer's commissions and preparing assessment rolls, and each of said lots or parcels of land shall be assessed with a proportion of such expense equal to the proportion of the whole work done upon such lots or parcels of land.

SECTION 6.—Upon the assessment being made as above provided an assessment list shall be made to resemble as nearly as practicable the annual assessment roll in its form, two copies of which shall be made by the Clerk and signed by the Mayor or presiding officer of the Common Council and the Clerk of said city, one of which copies shall be filed by the Clerk and kept in his office, to the other of which shall be annexed a warrant for the collection of such assessment, and the Clerk shall forthwith deliver the same with the warrant so annexed to the Treasurer of said city for collection. Such warrant shall be signed by the Mayor and Clerk and shall have the seal of the city affixed thereto, and shall be substantially the same as the warrant annexed to the annual assessment roll for the collection of taxes.

SECTION 7.—Upon receiving said assessment list the Treasurer shall take like proceedings as far as practicable in the collection thereof as in the collection of the annual City and Ward taxes of said city.

SECTION 8.—All moneys received by the Treasurer upon any assessment list made pursuant to the provisions of this ordinance shall be kept by him distinct from all other moneys and shall be drawn from the treasury only by orders expressly directing their application to the payment of the expenses for which such assessment was made.

SECTION 9.—The city of Janesville shall not in any manner be liable for any work done under any bid or proposal in pursuance of this ordinance, but the same shall be paid for out of the moneys assessed and collected as aforesaid.

SECTION 10.—The Common Council of said city shall have the power and is hereby authorized in case the person or persons whose bid or proposal shall be accepted, shall neglect or refuse to do the work mentioned in said specifications in the manner or at the time fixed by said Council or in pursuance of the conditions of his bond to declare such bid or proposal and the acceptance thereof void and to relet such work, but the action of said Council in declaring such bid proposal and acceptance void shall not in any way release or discharge the person or persons making such bid or proposal, or the sureties from liability upon said bond.

SECTION 11.—This ordinance shall be in force from and after its passage.
